Menu for Weight-Loss & Fitness Programmes

The hotel Finca Eslava prides itself on its reputation as one of the best restaurants in Andalucía. We have worked with the chefs to produce a menu which incorporates many local dishes which have been specially tailored to the needs of our clients. The meals provide all that you need to fuel your fitness activities, whilst being carefully measured and prepared to support your health and weight-loss goals.

Meals are usually taken in the hotel restaurant, but may occasionally be taken in restaurants in the local area, depending on where the programme takes us.

Please let us know if you have any special requirements or need anything else at all.
